## Stretch - N - Go Hog

The optional SNGBarb mounts to the Stretch-n-Go Hog™, allowing six rolls of barbed wire to be dispensed and stretched concurrently.

### Model SNG4

- Stretches wire as it dispenses
- Weighs 1210 lb. (549 kg)
- Max. gross weight: 5,210 lb. (2363 kg)
- Capacity: 4 rolls of 330 ft. or 2 rolls of 660 ft. of wire
- Load with skid steer
- Adjustable braking system for desired tension
- Optional barb wire attachment (up to 6 rolls)
- A 6ft. model is available
- Dimensions (L × W × H in) 48 × 86 × 66

### How it Works

The Stretch-n-Go Hog holds the fabric upright and guides the material along the fence line. Coated tension rolls protect wire during stretching while adjustable brake system provides individual tension preferences. Fence can be nailed directly behind the skid steer, making for faster, more efficient work. The Stretch-n-Go Hog features pockets on both sides to allow the operator to easily switch from side to side.

## Who We Are

For close to 20 years, we have honed our precision metal fabrication services. With roots in the contracting industry, CEO Damian Lang started the EZ Grout equipment line to improve the efficiency on his own masonry job sites. Since then, EZG Manufacturing has expanded to include precast, refractory, cleaning, and fencing equipment along with its award winning EZ Grout equipment line. We also have our custom fabrication and design shop to meet all of your unique needs.
