

Hog Slopper®

Your Go-To For Efficient Material Handling.

This versatile tool ensures consistent mixes and faster batch times, reducing strain on your team. Keep your workspace clean and organized, whether you're moving sand, dirt, or other granular mixes. Choose between fork pockets or a universal skid steer mount for seamless integration into your workflow.

- Two models to choose from, Skid Steer (SHB) or Forklift (SHF)
- Side panel depth adjustment for increased capacity and versatility
- Suitable for transporting a wide range of granular site materials

Versatile Mounting Options: Available with fork pockets or universal skid steer mount for easy integration into your existing setup.
