

# Hog Pump®

## HP-38 Multi-Use Delivery System

Built for versatility across a wide range of applications, the HP-38 Hog Pump® handles grout, mortar, slurry, and up to 3/8" aggregate concrete with consistent performance. Ideal for block fill, flatwork, and general construction use, it delivers reliable material placement for both masonry and concrete crews.

Available in towable, skid-mounted, and skid steer attachment models, the HP-38 adapts to your operation—making it easy to integrate with mixers, ready-mix trucks, or silo systems while keeping jobs moving efficiently.

### HP-38 / 38SM / 38SS Features:

- Handles self-consolidating, 3/8" ready mix and light-weight concrete as well as masonry grout, pour & form; shotcrete and slurry.
- Progressive cavity pumping with variable speed hydraulics and reversible functionality
- Handles 3/8" (10 mm) pea gravel
- Features an 8 cu.ft. (225 L) hopper
- Delivers up to 12 cu.yd. (9.2 m<sup>3</sup>) per hour with a 2" (50 mm) line
- Diesel and electric power supply options

1

*HP-38 Series Model optional wireless remote feature*

2

*Rotor stator builds pressure in cavities for optimal delivery.*

3

*Progressive cavity pumping.*

**Increase efficiency, profitability and safety on the job.**
