

Hog Trough®

Designed for durability, portability and versatility.

Built for longevity and easily maneuvered on the most rugged job sites, thanks to smart features like heavy duty casters, fork pockets and built in channels and bails for crane lifting. Hog Troughs are available in both polyethylene and steel.

- Multiple configurations to suit a variety of job site needs and applications.
- Nonstick polyethylene tubs are resistant to dents and damage and are available in standard or heavy duty (HD) substrate.
- Steel tubs feature 3/16" or 10-gauge steel and industrial grade powder-coat protective surface for extended life and durability.

Model HST10 steel tub with forklift utilized for material transport on masonry work site.

POLY:

10 cu.ft.

* Also available in high density polyethylene

STEEL:

10 cu.ft.

10 Gauge
9/64" thick

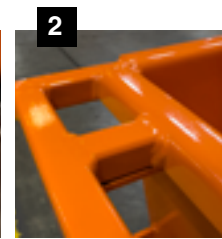

10 cu.ft.

7 Gauge
3/16" steel

HTPT10W features Heavy-duty smooth surface casters

HT10 3/16" steel tub has a built in crane bail for lifting

HTP10 comes standard with 10 gauge steel forklift base
