

Krack Hog®

Precision Block, Brick and Paver Splitter

No more shimming wall block to make a clean split. Krack Hog makes cutting and dressing block clean, easy and ergonomic with an easily pumped hydraulic foot-action pedal (KHBS18) or battery powered hydraulic lift (KHBS18-PS), which raises the table, bringing the block to the hardened steel blade. The spring-loaded splitting surface maintains tight block positioning during operation and provides an exact split every time.

Universal Features:

- 20 ton power / 40,000 PSI
- Handles precast pavers, brick and block 1 ½" to 8" (38 to 203 mm) thick.
- Pre-measured splitting table
- 24" (610 mm) wheel base, rugged wheels and durable handles make transportation and storage simple and easy
- No more replacement diamond blades
- 2 Year Warranty

Quick release handles.

Simple pump-action hydraulic foot pedal raises table.

Adjustable face plate helps prevent block from falling after split.

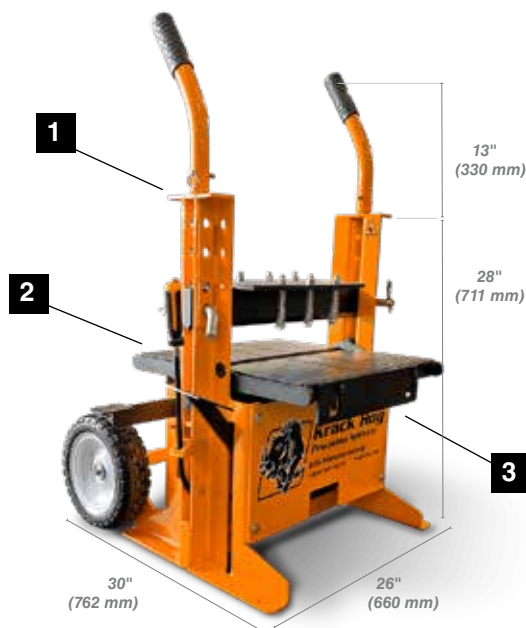

High-strength, corrosion resistant hydraulic jack

Cordless hydraulic pump supplied with two batteries.

Hand-held pendant control for operator safety.

NOTE: The Krack Hog is not designed nor intended for use with natural stone. Use with such material may result in damage to the machine and may void the warranty.

Increase efficiency, profitability and safety on the job.

KHBS18-PS Pump Features:

- Lightweight design packs powerful 10,000 PSI (700 bar) working pressure
- High strength molded shroud protects motor and electrical parts from contamination and damage
- Comes equipped with two 18V/4.0 Ah batteries for exceptional speed and run time
- LED status display delivers real-time pressure status
- Accessories include charger, high-pressure hose and hand-held pendant for safe operation
