

# Hog Pump® Mixer Combo

## Merging EZG's Mixer Precision with Hog Pump Power.

The MPC-240 continuous mixer pump offers cost-effective mixing without compromise. This powerful equipment showcases the highest-quality workmanship that EZG is known for coupled with the user-friendly operation our customers demand.

The MPC-240 caters to a wide range of applications, offering versatility to meet various construction needs. Whether you're working on fireproofing, applying SLU self-leveling underlayment and toppings, grouting, reinstating micro-trenches, or applying LV-spray, this pump is engineered to excel in diverse scenarios.

- Standard water pump included for seamless operation
- Quick-change device facilitates tool-free worm pump replacement
- User-friendly control panel for easy management of all functions.
- Optional radio-controlled remote and hopper extension are available.

**1**  
Easy to operate controls can run mixer and pump simultaneously or independently.

**2**  
Accurate water injection for proper material consistency.

**3**  
Heavy duty progressive cavity with 1½" cam lock outlet.

SPECIFICATIONS	MPC-240
Dimensions: (L x W x H)	41" x 29" x 56" (1041 x 737 x 1422 mm)
Power:	220V 3-Phase (203 x 38 mm)
Weight Empty:	406 lbs. (184 kg)
Capacity:	4 cu.ft / .2 m <sup>3</sup> (approx 7-8 bags)
Pump Volume:	up to 220-240 bags/ hr
Pump Distance	200 ft (61 m)
