

EZG[®] Mixer

Three-in-One Grout, Mortar and Concrete Mixers .

Not all mixers are created equal. When it comes to rugged, durable mixers that can endure the demanding conditions of the rental market, EZG triple-duty grout, mortar, and concrete mixers stand alone in their class. Engineered with uncompromising quality and reliability, EZG mixers are designed to exceed expectations where it matters most. With a #80 chain-driven system, solid steel shafts, generous drum thickness, and bearings spaced from the seals to maximize durability and minimize downtime, these mixers are built to last.

Available in three sizes (7, 9, and 12 cu.ft.), the EZG Mixer Series is designed to handle a range of material volumes, offering essential versatility and reliability for any construction project.

Universal Features:

- 7.9 hp Honda[®] gas engine.
- Capable of mixing up to 3/4" aggregate.
- Manual recoil start for easy operation.
- Sturdy construction with 3/16" to 1/4" drum thickness and rectangular structural tubing.
- Features a solid steel shaft for reliable mixing.
- Compatible with a 2" ball hitch, with a pintle hitch option available for added versatility.
- Electric models are available to suit different power requirements.

Model EZG7:

- 1 ½ to 2 bag capacity* or 7 cu.ft.
- Discharges up to 21" high without blocking, with a load height of 48 inches.
- Optional leg kit for added stability

Model EZG9:

- 2 ½ to 3 bag capacity* or 9 cu.ft.
- Discharges up to 20" high without blocking, with a load height of 56 inches.
- Optional leg kit for added stability.

Model EZG12:

- 3 to 4 bag capacity* or 12 cu.ft.
- Discharges up to 20" high without blocking, with a load height of 56 inches.
- Leg kit included for added stability.

Integrated bag break for efficient mixing.

#80 chain-driven system ensures continuous, slip-free mixing with increased torque.

Heavy-duty powder coated steel grate for safe loading

* Capacities estimated based on 80 lb. bags

Increase efficiency, profitability and safety on the job.
